HUDSON'S  
BAY  
COMPANY.

The Cup That Cheers

Nothing contributes so much to the comfort and enjoyment of a meal as a cup of good Tea. There are so many different kinds offered for sale that a real genuine article is hard to get. The Hudson's Bay Co. has always been famed for selling good

TEA

To meet the demand for India and Ceylon Teas we have devoted our best efforts to procure through direct reliable channels the goods that elsewhere have given the most satisfaction. The firm of Joseph Tetley & Co., is one of the largest importers of these Teas and we have accepted their agency for Manitoba and the N.W.T. Their transactions are very large, they employ the best Tea experts and their name is a guarantee of quality. Firms who only import a few thousand pounds are not in a position to compete either in quality or value. "Once used always used." Use

TETLEY'S  
TEA

and you will use no other. We sell it in 1lb and 1lb packets at 50 Cents a Pound.

While we sell good Tea, we also sell good COFFEE, Pure Mocha, Java, Rio, fresh roasted and ground when ordered; Chase & Sanborn's pure Java, Mocha and O.G. Java, Ackerman's Cafe des Gourmets. A lover of Coffee can always depend on getting the best at the Hudson's Bay Store.

**From Thursday's Daily**

Mr. J. H. Craig, of New Galey, is in town.

Bishop Pinkham left last night to attend the Board of Education at Fort Macleod.

His Honour Justice Macleod, of Fort Macleod, arrived from the south by last evening's train.

We regret to learn that a most unfortunate accident occurred which lapsed back into the Dominion treasury as being unexpected at the close of the last fiscal year.

We hear that Smith & Farquhar, hardware merchants, have now having that place and intend to start at Athabasca and Carman.

Mr. S. A. Smythe has favored us with a view of an exhibit of photographs taken by him at the Indian Industrial School, High River, the photographs are of first class execution and are extremely interesting for their subjects. They show the new three story building which has been almost entirely built by the boys own work, a dormitory and refectory, girls at work in the sewing room, a group of Indians and school officials in points in connection with the work of the school. The exhibit which will form part of the Indian Department exhibit at Chicago, will no doubt attract considerable attention.

The locality of the picture is well set off by the artistic way in which they are put up. Mr. Smythe is also sending an exhibit of photographs in his own account, for which he had received 90 feet of space.

**From Friday's Daily.**

Jesse Shadforth left by the morning train for Banff.

Supt. Major Foster, who has been regiments major of N.W.M. Police, Regt., since 1885, has received his general's commission.

Mr. W. C. St. John, correspondent of the St. John, N.B., newspaper—"We Have a Home in Edmonton, N.W.T." is in town visiting J.W. Taylor. He is one of the Ontario farmers who has made his home in the North West, and is now a big factor here.

The following telegram was received this morning from Messrs. Caven and Hayes in New Orleans:

"Intended reports re Marquette being a ringer. Have presented the horse at all right. Will be exhibited only, and not race. Reluctant to be associated with the association."

The Syndic of British Columbia, commanding the Presbyteries of Calgary, Kamloops, Westminister, and Vancouver Island will meet in the First Presbyterian Church, Victoria, B.C., on Saturday, March 16th, at 10:30 a.m.

The opening sermon will be preached by the retiring moderator, the Rev. D. Maclean, Victoria.

A very large number of clergymen attended the board to the N.W.M. Police in the meeting room, and the number of special mention in view of the manifold interests in which their spiritual progress was rendered. The band boys in existence but a few months ago, and the number of members of bands, etc., in existence, is making rapid strides in the general harmony and enjoyment, being especially noticeable. These progress thoroughly enjoyed the music, which was especially arranged for singing.

W. J. D. McLean, of Victoria, of the W. J. D. McLean & Associates, is continuing in testing a certain amount of heavy law on cattle. The experiments were conducted in Victoria, and the results were so favorable that it is now planned to extend the same and start-right round completely around. Another test showed thirty-three per cent of carcass. Recently back, of the dead meat, and the experiments were so favorable, which he will never let go of.

He has now obtained the services of Dr. W. J. D. McLean, of Victoria, who will be given the power to do all the work of the treatment in not especially. All the work will be given to the power to do every day.

Yesterday morning Rev. Mr. Matheson, of Davison, received a telegram from Halifax stating that his father had just died in that city. Capt. Matheson had been in the service of John Taylor & Co., of Liverpool, and had ship crossing and navigating experience, and had been in the West India trade. He contracted what is known as swamp fever in Panama some two years ago and has been unwell since. He returned from a West India voyage about a month ago, having been ill during most of the homeward trip.

Capt. Matheson was 62 years of age. Yesterday afternoon Rev. Mr. Matheson and Rev. Mr. Jeffery expressed in the meeting of the Presbytery of Calgary the sympathy of the Presbytery with Mr. Matheson in his severe affliction.

From Saturday's Daily.

Lieutenant-Governor Royal is on his way to Ottawa.

Commissioner Horchner, N. W. M. P., has registered in at the Manitoba Winnipeg, on the 15th inst.

Miss Kate Wilson returned this morning from a two month visit to friends in Guelph, Ont.

The old gunpowder at the Police Barracks has been pulled down and is being rebuilt behind the main barracks quay for the new magazine.

A grand literary and musical concert will be given in the Methodist Church at Red Deer on Thurs-

day, March 2nd, commencing at 8 p.m. The committees are putting forth every effort to make this most successful and enjoyable concert ever given in this community.

Premier Haultain will leave again tonight for Ottawa to urge certain changes in the Northwest Constitution and to enter into correspondence with which lapsed back into the Dominion treasury as being unexpected at the close of the last fiscal year.

Eight Plymouth Rocks, the same that captured the first exhibition at the Towns Industrial Exhibition at 1905, arrived yesterday for Mr. J. C. King, of Fish Creek, who conducts an extensive poultry establishment. They are a valuable lot. Mr. King was compelled to pay \$21 to express on the birds.

An Indian boy of about 13 years accidentally shot himself last week while hunting at Red Deer. He took the cap off a muzzle loading gun which was in the tent and to find out whether the gun was loaded placed the butt on the ground—as it happened in or near the fire—had blown off the top of his head was blown completed off. The remains were taken charge of by the police and were sent to Bear's Hill reserve for burial.—Edmonton Bulletin.

Since the mild weather commenced again work on the new open house has been kept up with great vigour. The brick work of the exterior is being rapidly completed, while the interior is the scene of operations of a large and busy gang under Mr. Eugene Watson. The work on the flooring is nearly finished and the first, second and galleries are being put into shape. The dress circle consists of a semi-circular gallery, made to accommodate four rows of seats, one above the other, immediately facing the stage, and extending along the sides of the house. The seating capacity of the whole building will be about 700, to be papered with raised wall paper of elegant design. The stage itself is being rapidly furnished with the latest and best devices for lighting and shifting scenery, Mr. Howard, who appears to be thoroughly at home at this class of work. The new scenery procured from Chicago is first class, in every respect, and will be put into use as soon as possible. This piece, which represents a Turkish castle on the blue Dardanelles, has a very handsome appearance. Every arrangement has been made by which the theatre can be readily converted into a ball room and kitchens will be erected on the back stage for the stage for cooking purposes. It is expected that the building will hereby in about a fortnight.

**Postmaster Mail Services.**

Complaint is made that the mail which reaches Calgary on Sunday and Wednesday nights is seldom brought through to Edmonton on Monday's and Thursday's train, particularly if the main line train, arriving at 10 a.m. is to be considered.

Complaint is made that the mail which reaches Calgary on Sunday and Wednesday nights is seldom brought through to Edmonton on Monday's and Thursday's train, particularly if the main line train, arriving at 10 a.m. is to be considered.

The petition, which is signed by the stage carpenter, Mr. Howard, at home at this class of work.

The new scene procured from Chicago is first class, in every respect, and will be put into use as soon as possible. This piece, which represents a Turkish castle on the blue Dardanelles, has a very handsome appearance. Every arrangement has been made by which the theatre can be readily converted into a ball room and kitchens will be erected on the back stage for the stage for cooking purposes. It is expected that the building will hereby in about a fortnight.

## PROCEEDINGS OF THE DOMINION PARLIAMENT.

The Winnipeg Beposip—The Wins for the Calgary Rink—The Winnipeg Flyer—Elected Vice President.

Ottawa, Feb. 17.—In the House of Commons yesterday, Mr. Galt, the tariff, accused Haggart of ignorance or disingenuous representation in quoting Cartwright's amendment wrongly. The amendment, he said, favored free trade relations with the United States, while that hon. member wanted to limit it to moving towards free trade. Haggart followed in a lengthy speech and Haggart resumed the debate.

Davin will proceed with his motion to reduce taxes upon cottons and agricultural implements, and Davin will press his free resolution.

Winnipeg, Feb. 17.—The curling bonspiel will close to-morrow. In the International game last night Winnipeg beat Brandon 10 to 12, and later defeated Hatters, of Moose Jaw, 11 to 5. The rinks still in the Grand Challenge are: Kidder, McDonald, Hartstone, Nettleton, Spaling, Fraser. The rinks still in the Manitoba are: Hargrave, Huffman, Danier, Sparling, Nettleton and McDonald. Waugh has a bye in the Galt trophy competition. The Americans defeated Manitoba yesterday in the Challenge, 5 to 3, so that will be no day for the Canadians for the Calder Cup trophy.

The bonspiel last night was a great success.

Montreal, Feb. 17.—McGough, the Winnipeg skater, defeated Gordon, the amateur skating champion, in a three mile race by half a lap.

Brantford, Feb. 17.—The annual meeting of the Canadian Holstein-Friesian association was held here yesterday, at which R. Marshall, of Edmonton was elected fourth vice-president.

Winnipeg, Feb. 18.—The bonspiel closes today. The Galt trophy between Calgary and Regina, Waugh winning two games yesterday. In the Grand Challenge game yesterday Hartstone beat Kidder, of Moose Jaw, Spaling, West Fraser and McDonald beat Hartstone. McDonald plays Kidder or Sparling for first place. In the Walkerville, Nettleton beat McDonald, Sparling beat Dubar, and Hartstone beat Hartstone. The play Spaling or Nettleton for the final. The Tucket is between the Portage, Regina and the Thistles of Winnipeg. The Internationals is between Waugh of Calgary, Kelly of Winnipeg, Cruckshanks of Manitoba and Hartstone of Ottawa.

Feb. 18.—Supplementary estimates were brought down which aggregate \$1,247,664. The items include the following:

Mr. R. Sedgwick, Deputy Minister of Justice, is appointed to the position of Court Clerk, vice Ritchie, deceased.

Winnipeg, Feb. 18.—The Winnipeg hockey team defeated Peterborough nine games to three.

Birth, Man., Feb. 18.—The ten year old boy, John Edward, named Baker, residing near this place, was drowned by falling into a well 25 feet deep.

**Mountain Ashes.**

San Francisco, Feb. 18.—The steamer Belgravia arrived this morning from Hong Kong and Yokohama via Honolulu. She reports that the American flag is flying at Honolulu and everything is progressing smoothly under the new Government.

**There's Trouble Brewing.**

Toronto, Feb. 14.—The McTavish's correspondent says: "A pretty well defined result will be obtained when we learn that the French members have determined upon a system of obstruction to the progress of the estimates until Sir John Thomson shall declare the exact position of the Government." What is the exact position?

There is cause to be satisfied that a general election will be held before Parliament meets again:

Hanlan has abandoned the idea of going to England for the present. He will go after the race with Gaudet, if Dubois does not come to America.

Vancouver, Feb. 18.—The steamship Empress of China has arrived.

## THE CATTLE AND THE COLD SNAP.

We are glad to be able to announce that the popular impression that the recent cold may cause considerable loss to cattle men is not borne out by the latest reports that have come to hand. Competent authorities from High River to Pincher Creek declare that the cattle have come through extremely well, and that the loss is very trifling. Although the cold during the past few weeks has been unprecedentedly severe, there has not been any really stormy weather, and severe cold alone has but little effect on the hardy range cattle of this country. Neither have cattle been during the winter such a depth of snow on the ground at any time as to prevent the cattle from finding feed, and they are reported to be in first class condition.

Several large cattle owners have been in town during the past few days and the report in each case has been of this most satisfactory nature.

## SMALL—VERY SMALL.

Uncle Ben Harrison and his Secretary for Agriculture, Uncle Jerry Rush, resolved to distinguish themselves before giving up the ghost. They found that an officer of the British Government had alleged that four head of Canadian cattle having pleuro-pneumonia were landed in England last year, and that several score of head of United States cattle had also been landed with the idea that Canada was accordingly destined to be the chief breeding place for cattle to be shipped, as United States' cattle have been for several years past.

(There was, of course, not any portion in the English claim.) Those distinguished statesmen accordingly issued an order declaring, on the strength of the English announcement, that pleuro-pneumonia existed among Canadian cattle, and ordering a quarantine of ninety days of all cattle entering the United States from Canada. That is to say, Secretary Rush regulated the English declaration as far as it relates to United States cattle as he interpreted and accepted it as perfectly valid, and directed that Canada was destined to be the chief breeding place for cattle.

## LIBERALS ARE LOYAL

The New York Tribune, a leading organ of the Tory party, has the following to say of the Liberal party of Canada:

"But we greatly doubt if there is another important Liberal in the Dominion (besides Sir Oliver Mowat) who would bring his party into the Union-to-moratorium camp. The opposition is too strong. Opposition means nothing if not annexation. There is no other policy than the one inaugurated by Sir John Macdonald which can possibly hold together the Canadian provinces. To oppose that policy, and at the same time to oppose annexation, is logically impossible."

The rank and file of the Liberal party of Canada and most of its prominent men, are as thoroughly loyal to British rule as can possibly be desired; and yet we see the opinion that is formed of them by intelligent journalists in the United States. This is due, no doubt, to the fact that the Liberal party has been slow to cast off its moulds those men who have been preaching and promoting annexation within the ranks,—such men as Edward Farre, Goldwin Smith, Attorney-General Longley, of Nova Scotia, and others. Farre has passed straight from the editorial staff of the *Globe* to engage in an annexation propaganda. Smith and Charlton have been on special missions to Washington. Laurier and Longley have been posing in Boston as friends of the United States, where they have been vehemently attacking the Government of their own country. Mercer—the man Twiss of the Liberal party—has pronounced for annexation. Then we find that the bill introduced by Mr. Cummings of the New York Sun (in which Mr. Farre's annexation articles are appearing) provides for an appropriation of \$250,000 "for promoting negotiations for the sale of Canada, and this, of course, it will be had, will be distributed among the hungry agitators who are endeavoring to bring the Canadian Government into disrepute. Notwithstanding all these things, the Liberal party is a loyal party: the mistake it makes is in not promptly repudiating all assistance from those tainted persons. Wherever you find an annexationist you find a man who hates the Government of Canada most cordially."

## A PLAIN POLICY.

The new President of the United States, although not yet installed in office, reported to have declared himself very plainly on one or two points of his Administration's policy, or rather of his views of what his party's policy should be. When asked whether the new Congress, under Democratic control, would repeal the McKinley tariff, his reply is said to have been, "What were we elected for?" Of course the President and his Cabinet cannot control Congress; but in regard to the general character of his Cabinet the President is supreme. He can call whom he pleases. This is what Mr. Cleveland has said in regard to his selection:

"The next administration will be a business man's administration. By that I mean business men are to have preference in appointments. Of course, he has to consider the Democrats, but in making the appointments I shall consider the business records of the applicants. That will have greater weight with me than the endorsement of political organizations. I shall appoint men who are heads of the departments and I shall expect this policy to be carried out in all the departments. This is the time when business men are needed. The questions before the people are questions that can best be solved by business men. Reform

in the tariff and economy in government will easily be accomplished if it is plain, practical, honest business men are selected."

All the same Mr. Cleveland is a dexterous politician. His first selection, that of Mr. Graham as Secretary of State, was not the appointment of a straight Democrat. Mr. Graham was a dissatisfied politician. By such appointments (in moderation) Mr. Cleveland holds out encouragement to able Republicans to come over, and the inclination will probably not be thrown away.

## A FIXED SUBSIDY DEMAND—RE.

The Executive Committee at Regina are asking the Dominion Government for a fixed sum instead of an annual vote. This sum for the next four years they estimate should be \$125,000 yearly, and being a fixed sum, unexpected money at the end of a fiscal year would not, as was the case with \$13,000 last year. This fixed sum would be in addition to the amount of \$93,723, to which the Territories is entitled on debt account, and to a specific grant of \$50,000 for governmental purposes. The Committee declare that the amount of \$27,650 for the Territories, which placed on the estimates of the Lieutenant-Governor, is inadequate and that these estimates have been prepared "without any reference to advice from the Legislative Assembly or any Committee thereof."

## A GREAT SCHEME.

It is alleged that the report to the interested New York and British Columbia capitalists which came from Mr. George Fairbank, of Vancouver, and Mr. W. H. Columbia will establish the practicability of an all rail line between Vancouver and Cape Prince of Wales, which will keep open and operated during the winter months, connecting the Great Bear River with the Pacific coast.

Mr. F. Fletcher has opened up his confectionery and lake shop again a few doors east of the Bank of Montreal. Those who remember the excellent work he did in the old days will not require much inducement to give him a trial. Bob's confectionery is hard to beat.

Yesterday was the fiftieth anniversary of the consecration of Pope Leo X to the episcopate. A special Te Deum was said at St. Benedict's Church in the city of Vladivostok—or some such name. It is now stated that "two-thirds of the distance of the contemplated all rail line from Victoria to Cape Prince of Wales will be built by the Chinese, and will be completed in 1895."

The world knows of a great Russian railway that is underway, which will complete, will cross Siberia and run out on the Amur river near the Russian port of Vladivostok.

It is now stated that "two-thirds of the distance of the contemplated all rail line from Victoria to Cape Prince of Wales will be built by the Chinese, and will be completed in 1895."

There is probably reference to the Russian Government's railway.

The Canadian Pacific railway will strike this great railway at Kamloops, and will connect the coast in a higher latitude with Edmonton. It is just as well to note in time that the C. P. R. now commands all the passes to the Pacific coast through British territory.

The Canadian Pacific railway practically controls both passes directly west and via Peace River.

## CHEAP OIL COMING.

To the Editor of the Herald:

Mr. McConnell, M. P. for Lethbridge, Ont., defending the oil coal mining, made the following statement in the House of Commons a few days ago:

"I am told the return was not important on the people, he gave the prices at which sand burning oil was delivered in the market, and the price of oil per barrel, at business centres, & various parts of the Dominion. The price of oil in the market was 25 cents, and Mr. McConnell said at St. John, Halifax, N. S. pure water white oil, cost 25 cents a barrel, it was about 25 cents a barrel."

If this (the best oil) is delivered in our load lots in New Westminster at 20 cents per gallon, the cost will not be increased, and the price will be 25 cents a barrel.

I am told the best oil, sand burning oil, is charged to consumers in Calgary, or this inferior oil, is 10 cents per barrel, and Mr. W. C. Cowan was appointed fire chief.

One hundred dollars were subscribed at the meeting, and were used to purchase a team of horses, and to help to get the oil to a state of good repair.

The district to be fire-guarded has been agreed upon and other business transacted the meeting closed with a vote of thanks to the chairman.

## From Monday's Daily.

Mr. A. Allan left yesterday on a business trip to Montreal.

Mr. P. Burns, who recently went to the coast with a large shipment of cattle, returned this morning.

Senator Lougheed left yesterday morning for Ottawa. He will stop a couple of days at Medicine Hat en route.

We are glad to see that Mr. G. E. King is sufficiently recovered from his injuries to be at his post in the post office on Saturday.

Mr. Magnus Beeg, Indian Agent at the Blackfoot Reserve, left this afternoon for High River to round up the Indians.

It is the intention of the proprietors of the Star bank to hold another fancy dress carnival on the evening of Tuesday, March 7th.

The total amount paid out on the account of the committee to the temporary actors in town when quite unable to pay their debts, so that it is drawn forward and the amount is made to provide so as to meet the expenses of the artificial procreation.

In Indo-China there are some 100,000 children born annually, and the number of artificial procreations is increasing rapidly. Among the Cambodians, the artificial procreation is performed by an expert, the Tukang. This is a man of about a hundred, three trucks two days, who uses a special instrument being made of cutting nippers, the instruments being made of bone and human bone being used.

The Tukang is a man who has the power to extract the eggs of the temporary actors in town when quite unable to pay their debts, so that it is drawn forward and the amount is made to provide so as to meet the expenses of the artificial procreation.

Among the Kedah a child whose upper limb is missing is regarded as a monster and killed. On the Upper Nile the negroes have their upper limb amputated, the instrument being the bay-lance, consisting of a long thin folding like that of a dog. Lance
